

Heavy Snowfall

Hebden Lodge Nursery

In the event of us having heavy snowfalls, please follow the below recommendations:

- Before setting off to bring your child to nursery, phone 01756720141 to check that the members of staff have managed to get in. if there is no answer, please stay at home and try later. Please check the nursery Facebook page for any updates regarding closure of the nursery.
- In the event of heavy snowfall while your child is at nursery, please make sure that you keep in touch with us, or that you are easily contactable by us in the case that the weather gets worse. Please allow yourself more time than usual to reach nursery when it is time to pick up your child.
- If children are not collected within a reasonable time, and staff can no longer stay, we have a duty of care. We are required to put into practice, our policy for an uncollected child. This involves getting in touch with social care and informing Ofsted.
- Please remember that we will go out to play in the snow, and we rely on you to dress your child appropriately. Waterproofs, wellies, a warm coat, hat, gloves, scarf, and spare socks are required. A full set of spare clothes should also be packed for your child to change into. All these items must be clearly named with your child's name on.
